**TOR BUSES GO TO SUMMER SCHOOLS, POOLS AND PARKS**

POMONA - Transport of Rockland (TOR) bus routes provide public transportation to the BOCES Summer School program at Fieldstone School in Thiells this summer. In this program, students from several Rockland County high schools attend classes at a single location. Students can use a [TOR Transit Guide](#) to learn the bus route to Fieldstone School. In addition to summer school, TOR bus routes also travel to most of the public swimming pools and parks in Rockland.

The TOR transit guide to summer school sessions and all TOR schedules are on the Rockland County web site. Go to [www.rocklandgov.com](http://www.rocklandgov.com) and click on the bus, then click on "Public Transportation News" to bring up the guide. TOR bus route #94 stops at the Fieldstone School's driveway once each hour, picking up passengers in Spring Valley, Monsey, Rockland Community College, Wesley Hills, Pomona, Mount Ivy, Garnerville and Stony Point. From other communities, TOR bus routes connect to TOR #94 along the route. Click on the complete daily schedule for TOR #94, where the bus stop for Fieldstone School is called "Letchworth Village." Refer to the maps on other bus schedules and choose a location to transfer to TOR #94.

As summer begins, TOR #93 begins its annual summer detour into Spook Rock Swimming Pool's parking lot on June 19<sup>th</sup>. On the complete schedule, the stop is between Rockland Community College and Suffern High School. TOR buses go to most of Rockland's pools and parks, including Harriman Park hiking trails in Sloatsburg, riverfront parks in Nyack and Haverstraw and the public pools and Farmer's Markets throughout Rockland County this summer. Bus fares are \$1.50 per ride, with discounted Super Saver tickets available for purchase at many locations.

Go to [www.rocklandgov.com](http://www.rocklandgov.com) and click on the bus for TOR and TAPPAN ZExpress schedules and links to all transit systems. Call the Transit Information Center at (845) 364-3333, Monday through Friday between 9 am and 5 pm, for trip-planning assistance.
